EXPERIENCE

IT Fullstack Development

PT Arisamandiri Pratama

05/2024 - Present

HIKVision-Integrated Attendance System (1,000+ Employees)

- Developed automated face-recognition data processing that synchronized biometric records without manual intervention.
- Reduced manual data-sync time by 80%, achieving 100% accuracy.

Scan-Based Production Tracking System

- Built lifecycle monitoring that tracked millions of components through final assembly, providing instant visibility.
- Achieved 95% precise inventory traceability and minimized manual logging errors.

Intelligent Warehouse Management System (WMS)

- Designed an automated decision-making system for smart bin and rack recommendations.
- Optimized storage space utilization by 30% and streamlined incoming/outgoing schedules with PPIC.

Mobile Developer

PT Ventura Pro Indonesia

08/2022 - 04/2024

- Led development of Lazisnu's payment suite, delivering zakat, infaq, qurban, and fidyah features that processed over 10,000 transactions in the first quarter.
- Delivered scanning, payment, and authentication modules for Inisa and Inisa Cashier, reducing checkout time by 25%.
- Developed a RESTful payment gateway for INSTANKu, enabling real-time event scheduling and dynamic linking for 5,000+ users.
- Built face-recognition and matching modules and collaborated with backend engineers to integrate RESTful APIs, decreasing integration time by 30%.

Flutter Developer

Alterra Academy

02/2022 - 07/2022

- Earned the "Flutter Master" certification from Alterra Academy, demonstrating advanced Flutter and Dart expertise.
- Gained expertise in Flutter for complex mobile apps, Dart programming fundamentals, mobile app development, the Flutter framework, and professional skills.

SUMMARY

Software Developer with 3+ years of experience managing the end-to-end SDLC across manufacturing and software house consultancy industries.

Specialized in building full-stack web applications using Laravel paired with Vue.js + Inertia.js, alongside experience developing React.js components that improved UI responsiveness by 20%. For mobile development, experienced in delivering scalable applications using Flutter, supported by Native Android capabilities including custom camera integration modules.

Responsible for aligning technical execution with operational needs, managing database optimization, deploying payment gateway integrations, and executing biometric hardware synchronization for enterprise-scale operations.

SKILLS

Laravel

Flutter

Git

SQL

Vue JS

React

EDUCATION

Information Technology

STIKI Malang

2019 - 2023

Bachelor's degree

Graduated from STIKI Malang with a GPA of 3.84. Actively involved in campus organizations and served as the head organizer for the SSC IX event. Additionally, worked as a teaching assistant for the basic programming course.
